Dear Frank:

I am delighted that you will be able to meet with
✓ ASPA's National Capital Area Chapter to share your thoughts
and concerns about government's capacity to manage.

Although you are at liberty to discuss any aspects
of public management you wish, some areas of particular
concern to the ASPA membership are (1) lack of confidence
in responsible behavior of government officials (Ethics
in Government); (2) more intensive scrutiny of government
operations and decision-making (Freedom of Information Act);
(3) increased administrative oversight by the Congress (the
Bumper's Amendment). Since you will be our first major
speaker of the decade of the 1980's, we might title your
luncheon address, "Government Management in the 80's: Flexi-
bility or Paralysis?"

When Marcia told me that you would be willing to speak,
she indicated that January would be better than February. Your
secretary, [] indicated that you were available on
Friday, January 18. We have, therefore, begun making arrange-
ments for that date. I will assume there is no problem unless
I hear otherwise.

Within the next week or so, I will provide details as
to the time and place of the luncheon meeting to []

We look forward to having you as our guest speaker in
January, and hope that in the meantime you and Marcia will
have a pleasant Christmas holiday. Perhaps Dwight and I
will see you at the Dean's annual "Lutafiske"!

Most sincerely,

Dona

Can you pull
together some ideas
on this. Perhaps Don
would like to help.
Let's discuss.
